

- **What is the Galileo RS?**

The Galileo RS is a **Recreational Solution** manufactured by JMS. It is an eco-friendly, high quality, aerodynamic and stylish alternative to the typical towable RV. The Galileo RS is also built to last and is constructed with a full fiberglass exterior, including the roof.

- **Who is JMS?**

JMS is a high end specialty trailer manufacturer operating a 90,000 square foot facility on 17 acres in Howe, Indiana. JMS is the consumer arm of our core business that specializes in commercial trailer products.

Those products include institutional mobile kitchens, portable shower and laundry trailers used in military applications and disaster relief as well as executive restroom trailers for a variety of special events. Our commercial arm has units operating from all parts of North America to the corners of the globe including the Far East, South America and beyond. They are operating in some of the most prestigious venues and the most demanding environments like the US Open, PGA events, oil refineries, and even at the US Capital!

- **How many people does the Model RS21 Galileo sleep?**

The RS21 Galileo will sleep four people, with a queen and twin bed, seat eight at the 2 sofas, and seat five at the expandable dining table with flip down jump seat.

- **What are the sizes and dimensions of the Galileo RS?**

The Galileo is currently available as a 21' model. It has an exterior width of 91" plus an additional 4" for the entry door assist handle, an exterior height of 114" and an overall length of 21' from extreme rear to the tip of the tongue. The Galileo RS boasts an interior height of 80" in the main living area as well as in the bathroom and the full walk-in shower.

There are currently additional floorplans and sizes under development, and we will keep you updated as they become available to order. If you would like to share your input we are all ears!

- **What is the weight and towing requirements for the Galileo RS21?**

The Galileo RS weighs between 4,500 and 4,980 pounds depending on available options chosen. Please see your vehicle recommendations for towing compatibility.

- **Where can I see a Galileo?**

The Galileo RS will be making appearances at several RV shows throughout the country during 2010. You can also schedule a visit to our facility to see the manufacturing process and get an up-close look at a Galileo. Please call for 2010 show dates or to schedule a tour at JMS.

- **How do I order my Galileo RS?**
